

NYE

EXTREME SERVICE

BACK STOP

NYE BACKSTOPS FOLD UNDER THE STICK CONVENIENTLY OUT OF THE WAY WHEN NOT IN USE.

CONSTRUCTION:

All NYE Back Stops are custom fabricated to suit your application, with 100,000 psi multi-alloy quenched and tempered steel plates and hardened pivot pins.

Manufactured with the highest quality quenched and tempered alloy steel plate and feature the thickest AR400 Steel Tines in the industry.

Equipped with a through-hardened alloy main pin, heavy-duty hydraulic cylinder and mounting bracket (*optional high-pressure cylinder with 12,000 psi burst is available upon request*).

AVAILABLE FOR ALL EXCAVATOR MAKES AND MODELS 9,000 - 150,000 LBS.

APPLICATIONS:

Designed for general contractors. Excellent for loading and handling rock, armorstone, brush, wood waste, demolition debris, construction debris, etc.

FEATURES:

- All NYE Back Stops are custom fabricated to suit your application.
- All NYE Back Stops fold under the stick conveniently out of the way when not in use.
- With an optional Hydraulic cylinder the Back Stop can be adjusted to any angle from the cab, folded and parked quickly.
- When in parked position Back Stop will not interfere with normal digging.
- Easy to install, mounting brackets weld directly to dipper stick, independent of the bucket.
- Instruction booklet provided.

NYE ONLY BUILDS CUSTOM FITTED, QUENCHED AND TEMPERED ALLOY STEEL THUMBS - MARK NYE

ALL NYE THUMBS REGARDLESS OF TYPE ARE THE BEST QUALITY MONEY CAN BUY.

OUR THUMB KITS ARE EASILY INSTALLED AND PROVIDE YEARS OF DEPENDABLE SERVICE.

"I like the contour of the NYE Thumb; you can pinch or cradle and I am very impressed with the fit and finish.

It makes a nice featured addition to the machine."
