

NYE INTEGRAL THUMB

NYE INTEGRAL THUMBS ARE HINGED DIRECTLY ON THE BUCKET SO THEY COME OFF CLEAN WHEN THE BUCKET IS UNCOUPLED.

DESIGNED TO WORK WITH MOST QUICK COUPLERS, THE INTEGRAL THUMB STAYS WITH THE BUCKET AT ALL TIMES. THIS ALLOWS OTHER ATTACHMENTS TO BE COUPLED WITHOUT INTERFERENCE FROM THE THUMB.

PIVOTS RIGHT ON YOUR BUCKET, RAKE OR OTHER ATTACHMENT.

THE INTEGRAL THUMB CYLINDER AND BRACKET CAN BE USED WITH SOME OTHER ATTACHMENTS LIKE GRAPPLERS OR STUMP HARVESTERS.

CONSTRUCTION:

All NYE Thumbs are manufactured with the highest quality quenched and tempered alloy steel plate and feature the thickest AR400 Steel Tines in the industry.

Equipped with a through-hardened alloy main pin, heavy-duty hydraulic cylinder and mounting bracket (*optional high-pressure cylinder available upon request*).

NYE ONLY BUILDS CUSTOM FITTED, QUENCHED AND TEMPERED ALLOY STEEL THUMBS
- MARK NYE

INTEGRAL THUMB + BUCKET COMBINATION
